

## CIVIC RESPONSIBILITY ALLIANCE

### Discussion with Arizona Corporation Commission candidate Joshua Polacheck

*Monday, April 8, 6:00 PM - Saguaro Center, Acacia Rm*

I grew up across the rural West, the son of an immigrant mother and a father in the Indian Health Service. My middle and high school years were spent in Tucson. After college, I joined the U.S. Department of State, where I served almost twenty years as a commissioned Foreign Service Officer. I am the third generation in my family to be a commissioned officer. My tours included Mosul in northern Iraq, Pakistan, Lebanon, Zimbabwe, and the Dominican Republic where I was an elected shop steward. In 2018, I returned home to Arizona to look after my dying widowed father. As a proud husband, father, and son, I saw first-hand the struggles of Arizona families and have been involved in fighting for common sense for the common good ever since. I am running because we need to act now to secure Arizona's future for all our families.

#### WHAT IS THE ARIZONA CORPORATION COMMISSION?

The Arizona Corporation Commission's mission is to ensure safe, reliable, and affordable utility services; have railroad and pipeline systems that are operated and maintained in a safe manner; grow Arizona's economy as we help local entrepreneurs achieve their dream of starting a business; modernize an efficient, effective, and responsive government agency; and protect Arizona citizens by enforcing an ethical securities marketplace.

In most states, the Commission is known as the Public Service Commission or the Public Utility Commission. Our Commission, however, has responsibilities that go beyond traditional public utilities regulation. These additional roles include facilitating the incorporation of businesses and organizations, securities regulation and railroad/pipeline safety.
